

# Belkin Limited Warranty and Support Information

Belkin is there for you, with warranty and support services you can count on.

Please check the Limited Warranty statement that ships with your Belkin product for warranty details, including the length of your warranty. Information about Belkin's Product Lifetime Warranty which we offer for selected Belkin products is provided below.

Along with Belkin's Product Warranty, we provide Complimentary Assisted Technical Support for 90 days which commences from the day you purchase your Belkin product to get your hardware up and running. Complimentary Assisted Technical Support comprises of phone support and support via live chat through your computer. At this time, live chat is available only in selected countries.

For additional support beyond the 90 days of Complimentary Assisted Technical Support or for assistance on advanced features beyond basic support, please contact our Technical Support team to learn more about how we can help you get the most out of your Linksys product. Please note that you may be assessed a fee to speak or chat with our technician if you contact us outside the 90-day Complimentary Assisted Technical Support period. Contact details for our Technical Support team can be [found here](#).

## **BELKIN PRODUCT LIFETIME WARRANTY**

When we say "lifetime warranty", we are referring to the life of the product, not the life of the buyer or any other individual. Over time, products will become worn and obsolete, and materials and parts will wear down or may become unusable due to advances in technology. A lifetime product warranty therefore means that the product over its reasonable life span will work the way it is supposed to under normal conditions and use. Taking all of these factors into account, we have determined that the reasonable life span of this product is 5 years from the date of your purchase of the product.

Please be assured that support for Belkin products remains available through the existing Belkin support channels, and that we will continue to honor all valid warranties for Belkin products.
